

BlueChoice Dental for Individuals and Families

For dental benefits you can smile about

Why dental care is important to your overall health

You've probably heard that dental health is an important part of overall health. But consider this: if a patient is suffering from periodontal disease, they are twice as likely to have heart disease or a stroke.¹ And there's also research linking poor oral health to diabetes, lung disease and premature births.²

Fortunately, regular dental check-ups can help detect the early warning signs of certain health-related issues. That's just one reason why it's so important to take good care of your teeth and gums. And a BlueChoice Dental plan from Blue Cross and Blue Shield of Georgia can help make it easy and affordable.

What BlueChoice Dental coverage helps pay for

- Routine check-ups, x-rays and cleanings. Coverage begins on your effective date and there's no deductible for these services.
- Basic dental care like fillings and simple extractions. Coverage begins after you meet a \$50 annual deductible (up to \$150/family) and have 6 months of continuous coverage.
- Major dental work, root canals and crowns. You'll be covered after 12 months of continuous coverage and your deductible is met.
- Both in-network and out-of-network dental care. For the best savings, you should choose in-network dentists and specialists.
- Up to \$1,000 of dental services per member, per year, after any deductibles or co-insurance you might have.

BlueChoice Dental benefits-at-a-glance

The charts on the next page show what BlueChoice Dental pays toward either in-network or out-of-network dental services. (But remember, in-network dentist fees are usually lower to start with so you'll save you even more money.)

It's easy to find a network dentist when you have access to the largest dental network of its kind in Georgia! Go to bcbsga.com > Find a doctor
